ATTENTION : South Florida Property Owners

YGRENE and Your city are offering an exciting new way to help property owners, residential and commercial, finance upgrades to today's energy efficient and hurricane safety improvements, such as Impact Windows and Doors, and Roofing projects, using the **Ygrene Energy Fund**.

Qualifying doesn't depend on your credit score or income. If you sell your home in a few years, the improvements - and the responsibility to pay for them - transfer along with it.

The best part? You pay back the cost of the upgrades semi-annually along with your property taxes, spread over 5,10,15 or 20 years.
It's that simple!

It all starts with a **FREE in-home estimate**, applying for **YGRENE** financing is a simple application, give me a call ASAP at 754.234.9140 to learn more about this amazing new program that increases the safety and value and helps lower energy usage and comfort of your home.

Please call me directly at **754.234.9140** to schedule your **FREE** in home assesment. Your application submitted using our certified agent ID and voucher code to waive the **YGRENE** application fee - a **\$50 value**.

Any questions, or contact the local **Ygrene Energy Center** at: (305) 569-0015 for additional information or questions.

Thank you, Hope to hear from you soon!
